Hull College has taken reasonable care to ensure that the information contained in this prospectus is correct at the time of going to press. Prospective students should be aware that it is sometimes necessary to cancel or modify courses prior to commencement due to low enrolment or funding changes, including (but not limited to) course content, dates, times, fees and entry requirements. Prospective students should confirm all details with our IAG team prior to enrolment and commencement on a course or entering into any other financial commitment. You may also request a copy of the current Hull College Fee Policy. If a student or prospective student has outstanding fees from a previous course, enrolment will be refused.

Equality & Diversity

The College is committed to a policy of equal opportunities for all. This means it is our responsibility to make sure that everyone is aware of the education and training opportunities available to them. The College seeks to ensure that learning and facilities are available to all and that all learners receive support and help appropriate to their needs and their career plans.

We strive to achieve excellence with our diverse learner community and our own staff, recognising that people have different needs, culture, experience and expectations. Teaching and Learning Administration Support are available to all learners appropriate to their individual needs. This includes wide ranging support for those with additional needs. Specific support is available for a range of needs; we have excellent support for those who are hearing impaired or visually impaired.

There is a group of disabled learners who meet regularly to discuss facilities in the College and look at any issues that a disabled learner may have. The group known as the 'Student Forum' is currently supported by the additional learning support team. They are based in the Maxwell Bird Building at Queen's Gardens. The College has excellent facilities for all learners and we aim to fulfil all individual support needs.
